

SAGA Western Cape Seismic Attribute Classification Workshop

25th February 2004

Technical Agenda

14:00	George Smith	UCT	Overview of Seismic Attributes
14:10	Peter Friedinger	Schlumberger	From Signal to Geology
14:30	Pat Young	Energy Africa	Exploration by Colour
14:50	Tobias Tonsing	PetroSA	Seismic Attribute Classification Using Rock Physics
15:10	Adele Groenewald	PetroSA	What can classification of the seismic waveform reveal about reservoir size and quality?
15:30	Joerg Feddersen	PetroSA	Testing the validity and robustness of seismic classification methodology.
15:50	Charles Thomas	Landmark	Pattern Recognition and its use for easy seismic trace shape mapping for busy Geoscientists
16:10	Discussion
